Dear Needlepoint Adventurer,

I am so happy that you enrolled in “Silver & Crystal Adventure” and look forward to meeting you at the Needlework Guild of Minnesota's 40<sup>th</sup> Annual Stitching Retreat.

I am busy collecting the beads and findings for your kit and am getting excited to share them with you. The kit includes the white 18-count canvas, stitch guide, Kreinik, floss, beading needles & thread, and all the beads & findings necessary to complete the project. You will need to provide 9” x 7” stretcher bars, tacks or staples, and your usual array of stitching “equipment” and supplies. Perhaps the most challenging part of class will be threading two strands of beading thread through those cute little eyes of the beading needles so I highly recommend magnification and a pair of very sharp scissors.

Although the stitched piece is small I have assigned prework. This prework is not a matter of life and death, but having the outlining completed upon arrival in class will allow us to devote our class time to attaching beads to the canvas . . . and that's what the project is all about!

Should you have any questions about the class, the supplies, or what you should bring please feel free to contact me by phone, snail mail, or email. Have a great July and I'll see you in class on Thursday, August 10<sup>th</sup>.

Sincerely,

*Nancy*
