Dear Heart Lover,

I am so glad that you have enrolled in “My Vintage Heart” and I look forward to meeting you in August as we Follow the SUN at your guild's 40th Annual Stitching Retreat.

This pretty little heart is a basic intermediate level project stitched on 18-count mono canvas that measures 10” x 10”. Your kit will include the marked Soft Ivory canvas, instructions with color photo, #12 Kreinik, cotton floss, seed beads, tapestry & beading needles, instructions with color photo, and all the vintage sequins and findings to complete the project.

Regarding what to bring to class, please include a 10 x 10” frame of stretcher bars, tape, tacks or staples, highlighter or colored pencils, and your usual array of stitching “equipment” and supplies. Most of the findings will be sewn on but we will be attaching some beads to the canvas in class so I also recommend bringing an additional light source, thread conditioner (Thread Heaven or beeswax), very sharp scissors, and a good pair of eyes for threading those cute little beading needles.

If you have any questions about the class, the supplies, or what you should bring with you please feel free to contact me by email, snail mail, or phone. Enjoy your summer and I'll see you bright and early on Wednesday, August 9th as we come together for a great week of stitching.

Sincerely,

Nancy
